cases may have to be tried this year and payment of Vakils' Fees for crown defence is anticipated in such cases. Hence this additional allotment.

Rs. 2070 under 17—Law and Justice—B (3)—Munsiff's Courts—Printed forms.

Mr. Thomas Manjuran.—Sir, I rise to move for an additional allotment of Rs. 2,070/- under 17—Law and Justice—B—(3) Munsiffs' Courts—Printed Forms. As the note for the Standing Finance Committee explains, the budget estimate of last year was exceeded by Rs. 1,156—14—0 on account of the cost of printed forms supplied to the Munsiffs' Courts. This year also it is anticipated a considerable amount may be required in excess of the budget demand for purchasing forms to Munsiffs' Courts. Rs. 2,070/- is hence required to meet these charges.

Rs. 100 under 20—Education—2—College Education—Library Allowance.

Mr. I. N. Menon.—Sir, I rise to move for an additional allotment of Rs. 100/- under 20—Education—2—College Education—Library Allowance. The need for this allotment rose out of the arrangements that the Government are making for giving instructions in Hindi in the Maharaja's College. The University has granted affiliation but we have had to fulfil certain conditions incidental to this affiliation and one was that we should provide for a small library to start with. As a contribution towards forming the nucleus of the Library, I request the House may be pleased to grant this additional allotment.

Motion No. 2.

Mr. A. Narayana Menon.—*To omit the allotment of Rs. 100 for College Education - Library Allowance.*

(By the allotment of rooms and lecture halls by a recent order of the Principal, there will be hardly any space to locate the proposed library.)

For a library there must be room. As it is in the College, the old High School Building has been used for some other purpose so that there is no teaching class there. For instance, a canteen is run in the college, so that there is no space now. They have to use the same hall to teach numerous subjects. By the recent order of the Principal, the Professors and the students undergo considerable difficulty. If we have a library, provision should also be made for library classes also. Since there is this

restriction unless proper provision is made for holding library classes also, there is no use of granting this allotment. With these few words I commend this motion to the acceptance of the House.

Mr. P. Govinda Menon.—Sir, I do not think the cut motion tabled by the Hon'ble Member for Vytila deserves any serious consideration, because the motion is for Rs. 100 for a Hindi Library and I must take it that already there are rooms for conducting libraries in the College and if that is so there is no reason why for starting a Hindi library there must be a separate room for it. The Hon'ble Member referred to the necessity for conducting what he termed library classes. If there is room for teaching Hindi in the College, that very same room will be sufficient for conducting a library class also. I see no reason why the motion for a grant of Rs. 100 for a library should be opposed on such a flimsy ground as this, which will not stand scrutiny. I therefore oppose the cut motion.

Mr. E. Ikkanda Warriar.—Sir, I also oppose this cut motion. I would say that it is the unkindest cut of all. It was with great difficulty that we managed to secure the sympathy of the Government towards the teaching of Hindi in our Schools and Colleges and it was as a result of that that the Government found it necessary to provide a paltry amount of Rs. 100. I cannot understand what lies behind this motion. We have spent lakhs of rupees on huge buildings in the College and to say that there is no room for holding a Hindi Class for a dozen boys, I fail to understand. Any way I strongly oppose this cut motion

Mr. I. N. Menon.—Sir, I would like to say a word. I should first submit that there is no lack of accommodation for housing a small library. But the point raised here is that an order appears to have been issued regarding some allocation of rooms for specific purposes. I may assure the House that when a re-allocation of rooms is found necessary for giving suitable facilities for instruction in Hindi that could be done without loss of time and in the mean time I request this house to accept this very popular measure.

Mr. A. Narayana Menon.—Sir, it appears that the Member for Urakam and the Member for Badagara have misunderstood the object of my cut motion. My object is not to prohibit teaching of Hindi in the College. In fact it is our national language, and that has to be taught

Mr. E. Ikkanda Warriar.—Then a one rupee cut would have been sufficient for you.

Mr. A. Narayana Menon.—I only wanted to bring this to the notice of the House and in the face of the statement made by the Hon'ble member for Education, I do not wish to press the cut and I beg leave of the House to withdraw my motion.

Motion was, with leave, withdrawn.

Rs. 300 under 20 — Education—2—College Education — Temporary Establishment.

Mr. I. N. Menon.—Sir, I rise to move for an additional allotment of Rs. 300 under 20—Education —2— College Education—Temporary Establishment. This also is for a like purpose. Books by themselves are not sufficient for instruction in Hindi. We have to find a teacher. It was not found possible to include this in the original estimate. This sum of Rs. 300/- is the remuneration for the teacher for the rest of this financial year. I therefore request the House may be pleased to grant this allotment in conformity with the one which they had already passed.

Mr. A. Narayana Menon.—In the light of the ruling already made by the Chair, I think I may not be quite in order to move my cut motion and so I do not move it.

Mr. P. Kumaran Ezhuthassan.—Sir, may I point out the undesirabilty of these Cut Motions being printed in the Agenda. If the ruling is made earlier this could have been avoided. Only admitted motions are to be included in the Agenda.

Mr. President.—This is included in the Agenda that an opportunity may be given to the Members to convince the Chair of its admissibility. The mere fact that the motion appears in the order paper does not mean that it is admitted to be in order.

Grant put and carried.

Rs. 1,500 under 25—Public Health—3—Rural Sanitation.

Dr. E. S. R. Menon.—Sir, I rise to move for and additional allotment of Rs. 1,500/-under 25—Public Health—3—Rural
